

The Day It Rained Tacos, by Scott Baker

What's that ?

Up there, in the sky?

Is it rain? Is it snow? Is it a hail storm?

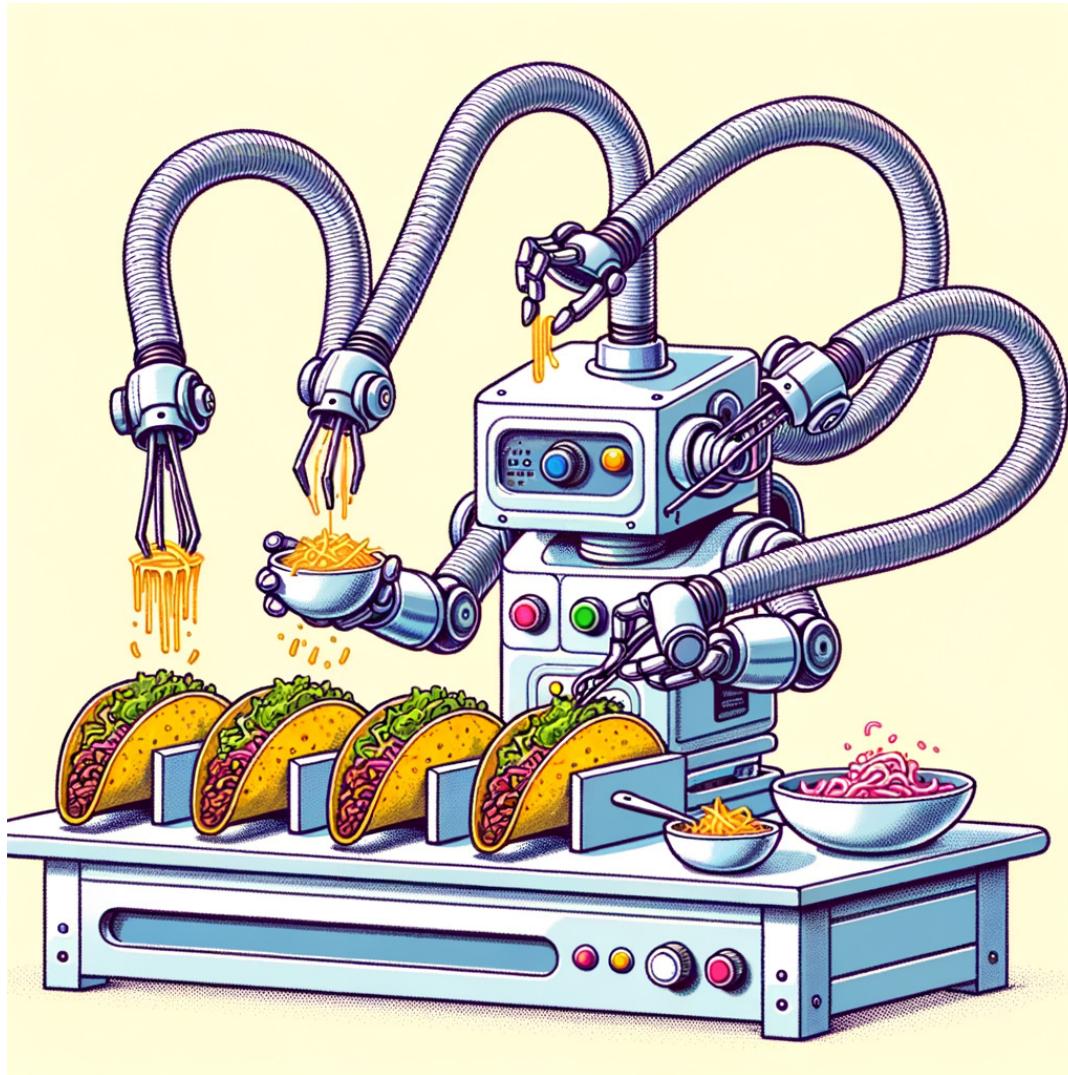

It's raining Tacos!

Oh, my! Why?

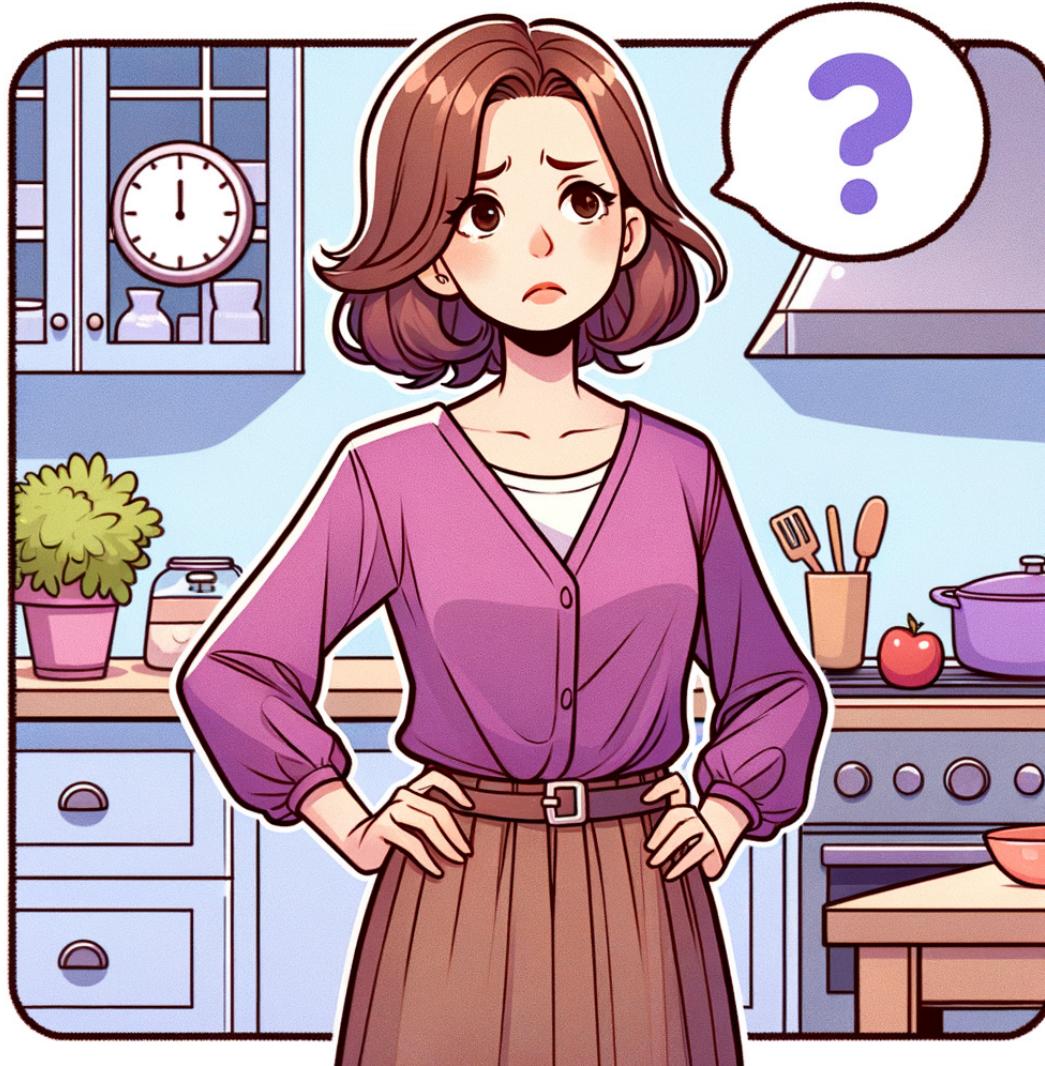

Is it aliens?

Is it robots ?

Is it a miracle from on high ?

Why ?????

You don't need to ask why!

It's raining Tacos, from out of the sky!

Who is going to clean up this mess?

After I've finished my Tacos!
